Tools / DB / Packages / Framework / ERP Components	Fiori, CAPM, Build Apps, BPA, Node.js

Professional Certifications/ Trainings

1. SAP Certified Fiori Developer
2. SAP Certified CAPM Developer

Work Experience

Project 1

Project Name	CamBazar		Team Size	4
Start Date	Sept 2024		End Date	May 2025
Project Description	CamBazar is an online platform for buying and selling second-hand cameras. It allows vendors to list their products, manage inventory, and generate invoices. Customers can browse available cameras, make purchases, and receive receipts. The platform also includes a mobile app for easier access and a workflow that notifies the admin when a new user signs up, ensuring secure and controlled onboarding.			
Role & Contribution	1. Developed the web application with features like camera listing, vendor management, and invoicing. 2. Created a mobile version of the platform for improved user accessibility. 3. Set up an automated process to notify the admin when a new user registers.			
Technology &Tools	Fiori, CAPM, Build Apps, Business Process Automation, S/4 Hana, Git			

Project 2

Project Name	IFMS (Integrated Financial Management System)	Team Size	14
Start Date	Sept 2023	End Date	Jun 2024
Project Description	Integrated Financial Management System (IFMS) is one of the prestigious Projects of Government of Kerala undertaken by Finance Department and Treasury Department. IFMS Kerala has been conceived in-line with the Modernization of Treasury Systems, which is one of the MMPs of Government of India. IFMS envisages an end-to-end integration system among various stakeholders such as the Finance Department, Treasury Department, Administrative and Line Departments, Accountant General, RBI and Banks.		
Role & Contribution	1. Contributed to mission-critical applications like Treasury Savings Bank and Electronic Benefit Transfer 2. Implemented features such as reverse transactions, e-submit modules, and system migrations to modern platforms. 3. Ensured better system performance, security, and user experience across multiple government platforms.		
Technology & Tools	PHP, CodeIgniter, SQL, Git, Burp Suite, Postman		

Educational Qualification

Education & Credentials	MCA (Master of Computer Applications)

Let's get to the future, faster.
Together.
